

Digital Collaborative Tools for the K-12 Classroom

Keri Jenison
jenisonk@foxborough.k12.ma.us
Ahern Middle School – Room 255

Part I: 8:30 – 11:00am

1. Agenda & Workshop Overview

Workshop Description: Teachers will be investigating digital tools with an eye toward their use in creating authentic, powerful learning opportunities for students. Participants will learn how to use selected tools to enhance the learning of their students, and use their own classroom as a 'laboratory' for experiential learning and application of new skills. Participants will learn how to use a wiki and blog as well as other Web 2.0 tools (Prezi, Glogster, Voki, Photo Peach, Slideshare, Blabberize, etc) during the first PD session. Teachers will 'make over' a lesson plan to incorporate these new digital tools to implement into the classroom. During the second PD session, participants can share their revamped lessons and continue exploring digital tools for their classrooms.

2. **Blogs** – Sign up for blogger account, create blog, & add gadgets
3. **Wikis** – Sign up for Wiki account, create wiki, & add widgets

Lunch: 11:00 – 12:00pm

Part II: 12:00 – 2:30pm

4. **Online presentation tools** -- create accounts and try out
 - a. Prezi – online 3-d presentation tool (<http://www.prezi.com>)
 - b. Glogster – online posters (<http://edu.glogster.com>)
 - c. Photopeach – online slideshows (<http://www.photopeach.com>)
5. **Lesson plan redesign** – (Continue on November 2nd)
 - a. Revamping a lesson using some of the Web 2.0 tools learned in this workshop.
 - b. Sharing 'revamped' lesson experiences
 - c. Continued collaboration with colleagues
